

## RESERVED CAPACITY PROMPT IN SAIS

This SAIS prompt happens when students enroll in a class section where some slots are allotted to incoming freshmen or if the unit allots some slots for some types of students.

The screenshot shows the SAIS Enrollment Shopping Cart interface. At the top, there is a navigation bar with links for Favorites, Main Menu, Self Service, Academic Planning, and Enrollment Shopping Cart. Below this is a search bar and a 'go to ...' dropdown menu. The main content area has four tabs: Search, Plan, Enroll, and My Academics. The 'Enroll' tab is active, and the 'shopping cart' sub-tab is selected. The page title is 'Shopping Cart' with a page number '1' and navigation arrows. Below the title is a section header '3. View results' and a message: 'View the following status report for enrollment confirmations and errors:'. The report is for 'Semester 1 2022-2023 | Undergraduate | UP Los Banos'. It features a table with columns for Class, Message, and Status. The table shows two rows with error messages: 'CERP 101' and 'HFDS 101', both with the message 'Error: You are unable to enroll in this class at this time. Available seats are reserved and you do not meet the reserve capacity requirements.' and a red 'X' status. Below the table are two buttons: 'MY CLASS SCHEDULE' and 'ADD ANOTHER CLASS'. At the bottom, there is a navigation bar with links for Search, Plan, Enroll, and My Academics, and a 'go to ...' dropdown menu.

Class	Message	Status
CERP 101	<b>Error:</b> You are unable to enroll in this class at this time. Available seats are reserved and you do not meet the reserve capacity requirements.	✗
HFDS 101	<b>Error:</b> You are unable to enroll in this class at this time. Available seats are reserved and you do not meet the reserve capacity requirements.	✗

Since some slots are reserved and the remaining slots are taken, you can only enlist in this course via teacher's prerogative. You are likewise advised to take another section instead.
